PROFESSIONAL PROFILE

Results-driven Software Engineer with over 5 years of hands-on experience in full-stack web and mobile application development. Expertise in Angular, TypeScript, Node.js (Express), Ionic, and Spring Boot. Proven ability to translate business requirements into scalable, high-performance, production-ready solutions while writing clean, maintainable code and delivering exceptional user experiences.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, Java, SQL, HTML5, CSS3, Python **Frameworks & Libraries**: Angular, Node.js (Express), Spring Boot, Ionic, Progressive Web Apps (PWA)
Databases: MySQL, PostgreSQL, Firebase
Tools & Technologies: Git, GitHub, RESTful APIs, Postman, Jest, Unit & Integration Testing, Performance Optimization, SEO, cPanel, Linux, Agile/Scrum

FEATURED PROJECTS

- **PicksNCarts SaaS Platform** – Angular + Node.js + MySQL (Full-Stack)
  Architected and developed a scalable SaaS marketplace platform for surplus goods commerce. Built modular frontend components, secure authentication, payment integration, and backend services with strong focus on performance, security, and production readiness.
- **Full-Stack E-Commerce Platform** – Angular + Node.js/Express + MySQL
  Developed a responsive e-commerce web application featuring user authentication, shopping cart, payment integration, and admin dashboard. Improved page load speed by **40%** through lazy loading, code splitting, and optimization techniques.
- **Real-time Task Management Application** – Ionic + Firebase + TypeScript
  Built a cross-platform Progressive Web App (PWA) with real-time updates, task tracking, and push notifications. Delivered a clean, mobile-first UI/UX that enhanced user engagement and team productivity.
- **Inventory Management System** – Spring Boot + PostgreSQL + Java
  Designed and implemented a scalable backend with RESTful APIs, role-based access control, reporting, and data visualization. Automated workflows and significantly reduced manual processing time.
- **Business Website Solutions** – HTML5/CSS3/JavaScript + Responsive Design
  Delivered fully responsive websites for multiple small businesses, including domain setup, hosting

configuration, and UI/UX optimization. Enhanced customer engagement and improved site performance.

- **WAEC Exam Management System** – Express + MySQL
  Created an online examination platform supporting multiple-choice, essay, and comprehension sections with automated scoring. Designed a normalized database schema for efficient content delivery and reliable test generation.

PROFESSIONAL EXPERIENCE

Freelance Technology Consultant | 2021 – Present

- Designed and developed responsive, modern web and mobile applications using Angular, Node.js, Ionic, and other frameworks based on client requirements.
- Optimized application performance, usability, and SEO, leading to improved user engagement and higher client satisfaction.
- Managed end-to-end project delivery including requirements gathering, development, testing, deployment on shared hosting/cPanel, and ongoing post-launch support.
- Worked closely with clients to understand business needs and deliver scalable, maintainable digital solutions.

Software Development Intern | Tech-Hub | 2022 – 2023

- Contributed to feature development, debugging, and refactoring of application modules.
- Performed unit and integration testing to ensure software quality and production readiness.
- Supported deployment pipelines and version control processes using Git-based workflows.
- Worked within Agile-style development cycles and team collaboration environments.

IT Consultant | MTN Nigeria | 2019 – 2020

- Provided technical support and IT consultancy services to support digital transformation initiatives and improve system reliability.

EDUCATION & CERTIFICATIONS

National Diploma in Computer Science

Yaba College of Technology, Lagos 2022 – 2025

Higher National Diploma in Computer Science (In View)

Professional Certifications

- Software Engineering – IBM (Coursera)
- Computer Programming – Google Africa
- Software Development – Tech-Hub

CORE COMPETENCIES

Full-Stack Development | Angular & Ionic Frontend | Node.js & Spring Boot Backend | RESTful APIs | Performance Optimization | Responsive Design | Agile Collaboration | Problem Solving
